ABOUT CRYPTOCHICKS PAKISTAN HACKATHON

CryptoChicks Pakistan Hackathon is the first ever Blockchain and AI hackathon in Pakistan organized by CryptoChicks Pakistan with its partners ConsulNet Corporation and WomenInTechPK. Women are underrepresented in these technologies and with your help, we want to change that. The hackathon is calling for local blockchain and AI leaders, mentors, advisors and speakers to be the new faces who will help educate, encourage and inspire women to learn new skills and take on new challenges.

ABOUT CRYPTOCHICKS

CryptoChicks is a non-profit educational organization with a mission to grow the economic, professional and leadership potential of women and youth in blockchain and AI technologies through education, mentorship, business, and diverse employment opportunities.

More here: <http://cryptochicks.ca>

TARGET AUDIENCE

This hackathon is for everyone who has expertise/interest in technology and understands the use of technology in real life. We are looking forward to welcome students, software developers, UI/UX designers, business analysts, technologists, community leaders, educationists, advisors, mentors, entrepreneurs, crypto-curious individuals, thought leaders, and investors. The hackathon encourages individuals and teams from diverse backgrounds and experiences and wants them to work on finding solutions for both local and global problems.
